WELCOME TO THE HIGH LIFE

Discover luxury at the heart of an established neighbourhood. Its prime location, vibrant community, and a solid reputation among property investors are why so many choose to call Taman Megah home.

Wake up to unobstructed views of the city from the elegant interiors of your penthouse suite. At 38 stories up above, you'll really be living the high life.

Greeted by luxury

Classic and luxurious, polished marble elevates surroundings with its mesmerising hues and swirls. Gold accents and black wood panels lend a distinct finishing touch to this flooring.

Luxuriously spacious

The large terrace of the duplex unit allows light in, removing boundaries and limitations while opening up the spacious interiors even more. As for the penthouse, its long balcony extends the living area, allowing you to live, work, and play against a backdrop of expansive blue sky.

Privacy to call your own

Nothing will make a greater impact than stepping into your penthouse unit for the first time. Far removed from crowds and noise with the entrance tucked away from neighbours, experience bungalow living in the sky. These highly limited units are freehold and ready-to-move-in.
